Assisted Immigrant family groups are generally listed as one entry on the same page so you only need to select one family member for your copy order. Check the 'Remarks' field in the search results for phrases such as "and family" or "and husband". If you 'tick' all members of one family you may end up purchasing multiple copies of the one page.

Online Indexes search tips

- Use ? to replace a single character for wildcard search e.g. be?an brings up Bevan, Behan, Beaman and Berryman
- Use * to perform a multiple character wildcard search e.g. swan* brings up swans, swann, swanson and swanton
- Use NOT to exclude a term e.g. Swan NOT Orange or Bevan NOT Thomas

Click on Details to buy a copy (if this is possible there will be a cart symbol on the Details screen) or pre-order for your visit to the Reading Room.

If there is a  (Blue Plus) beside an entry click to bring up more details, including pre-order and purchase options.

Sorting of results is currently unavailable - try using Collection Search which has filter options.
